Subject: RE: Public Notice Draft Page for Dewey-Burdock

Thanks Omar: we should know by Friday pm if the dates for issuance and comment deadline will need to be revised.

I think we should post the Comm Strat Fact Sheet but the Comm Strat itself will be held internally. I don't think we need to post the public notice to the papers since it's the same information that will be on our website. However, we will need to retain all records of publication through local media.

Douglas
